

Clever Student Login

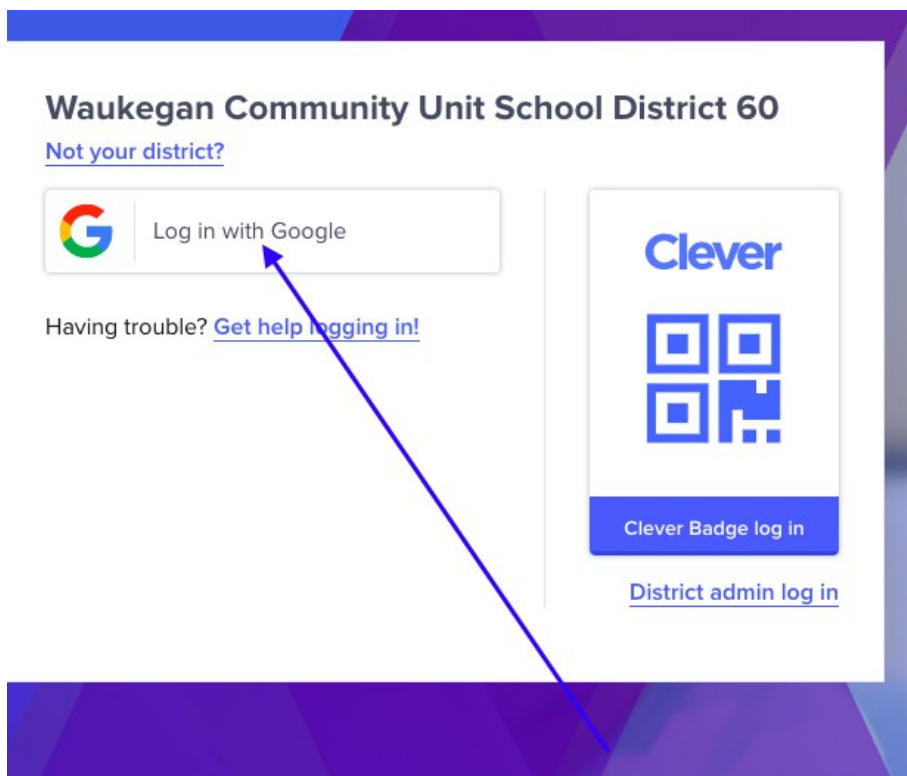

Clever is a “Single Sign On” portal for all the district academic applications. This portal allows our students not to log in to multiple sites.

Clever District Portal is for “student use only”. It ONLY works with district assigned student gmail credentials, it will not work with ANY parent personal email accounts.

1. Navigate to Waukegan Clever district URL: <https://clever.com/in/wcusd>

2. Click “Log in with Google “

3. Clever opens up to the District page (where you will find apps like Dreambox, Learning

A-Z, Core5 etc..)

Also check out your teacher pages (they will add any class needed apps)
